NOTE FOR: Mr. George Carver, D/DCI/NIO

George:

Thank you for your note concerning the proposed letter to Gen. Graham on Weapons Systems Committee from Mr. Colby. This subject was discussed in a meeting in my office on 28 April. [REDACTED]

[REDACTED] (the IC Staff action officer) attended this meeting at which we agreed on the sense of our interim response. In the interest of more complete staffing we should have shown you the finished version but I assumed that since we had already received verbal concurrence from [REDACTED] and [REDACTED] on the substance it was not necessary. The purpose is to furnish a response to Danny which will provide us time to get all equities assessed and coordinated.

[REDACTED]
